RETURNING S&T, STARTERS, CLERKS WHO NEED CLASS

Returning Officials will be required to observe the video of their class and do some active responding. These videos will be sent when they are ready.

For Clerks and Starters who need to take the class, please email Christy at christy@gralva.com with their emails. Please do the same for Clerks and Starter who just need to take the test.

Then they will be required to take and pass the test. When they have viewed the online class, the test will be emailed to them.

NEW OFFICIALS

New Officials will be required to observe the video of their class and do some active responding. These videos will be sent when they are ready. Please email Christy at christy@gralva.com with the emails of new officials. Then they will be required to take and pass the test. When they have viewed the online class, the test will be emailed to them.

New Officials will need to do their walks assuming we have a season this year. If they don't finish the walks, this year only, we will allow them to finish up next year (not needing to start over), however, the class and test will be required again as they will probably forget the information over the year. We plan to have the classes online again next year so this should not be too onerous. But it is important that our officials are well trained so that officiating is consistent for all swimmers.

TABLE WORKERS

The Table Worker class will be online and there will be a test. Please send emails of Head Table Workers to Christy at christy@gralva.com. At least one Head Table Worker is advised from each team to take the class and test. Only Head Table Workers need to do this. There should be one Head Table Worker from the home team each meet. There is no walking component for Table Workers. This is an advisement for the 2020 season but will be required for 2021 for new and experienced table workers.
