Point/Swimmer results by .75 and the previous year's Point/Swimmer result by .25, and add these two figures together. This gives you the ranking number to be used for next season's divisions:

$$\frac{\text{Total Club Points} \times (100)}{\text{Total League Points}} + \frac{\text{Club \# Swimmers} \times (100)}{\text{League \# Swimmers}} = \text{Division Calculation}$$
